Telephone YONKERS 8-1213, which is listed to the SQUARE ROOT MANUFACTURING CORPORATION, 391 Saw Mill River Road, Yonkers, New York, was called from the subject's plant on the following dates:

September 8, 19, 25 (2 calls), 26;  
October 2, 4, 5, 6, 9, 16, 20, 27;  
November 3, 10, 14.

On February 24, 1951, HYMAN ADLER, 647 Faile Street, Bronx, New York, advised that he is employed by the Square Root Manufacturing Company, Yonkers, New York, and that he had approached JULIUS ROSENBERG for a job in early 1950. DAVID GREENGLASS advised that he had included HYMAN ADLER'S name in lists of potential Soviet espionage recruits at Los Alamos, N.M. Atomic Bomb Project, in 1945. GREENGLASS said he furnished those lists to JULIUS ROSENBERG and HARRY GOLD for transmission to the USSR.

During the above-mentioned interview HYMAN ADLER admitted to SA JOHN W. LEWIS and SA JOSEPH J. PALCUTA that he had been a member of the INTERNATIONAL WORKERS ORDER from about 1941, or 1942, until 1950; that he had attended meetings of the United Electrical Workers Union, CIO, at a Communist Party Club in New York City, and that he has in the past signed several Communist Party Petitions at the request of fellow union members. He admitted that he was well acquainted with DAVID GREENGLASS at Los Alamos and that he had probably furnished the above information concerning himself to GREENGLASS.

ADLER denied that he has ever been approached by anyone to commit espionage and claimed he has never been a member of the Communist Party.

The INTERNATIONAL WORKERS ORDER has been designated by the Attorney General as a subversive Communist organization coming within the purview of Executive Order 9835.

Rebulat 6/29/51 and report of SA JOHN A. HARRINGTON, dated 7/25/51, at New York, the original and four copies of which are herewith enclosed for the Bureau and three copies of which are enclosed for the New Haven Office.

It is noted that the report of SA JOHN W. LEWIS, New York, 5/3/51, sets forth a list of persons to whom subject made telephone calls with the request that these individuals be searched through the indices of the New York Office in an effort to identify the same. As is evident from Bufile, 6/29/51, there is a vast quantity of information concerning individuals of the same or similar name. Apart from the information set forth in reference report, the New York indices contained many references to persons of the same or similar name as set forth in the report of SA LEWIS. However, because of the lack of identifying information concerning telephone contacts of the subject, it is virtually impossible to determine whether such contacts are identical with persons mentioned in the files of the New York Office. Therefore, no further information concerning such individuals will be submitted by the New York Office, until other identifying data of the contacts is received.

It is also brought to the attention of the Bureau and the New Haven Office that the cooperation of [redacted] of bld Sing Sing Prison, New York, has been solicited. [redacted] has confidentially reported to agents of the New York Office the subject matter of all conversations had between JULIUS ROSENBERG and his attorney, PHENWILL BLOCH. He has been particularly alerted to the name of the subject and in the event BLOCH and ROSENBERG discuss this subject at any time, New York will promptly advise of the context of the conversation, and such information will be passed to the Bureau and New Haven.

Reference is made to the memorandum of the New York office dated July 25, 1951, with reference to a list of persons to whom Saloff is known to have made telephone calls. It was stated that because of the difficulty in identifying data in the New York files concerning such persons in view of individuals having a same or similar name no further information concerning such individuals would be submitted by the New York Office until other identifying data regarding the contacts is received. However, in the accompanying report of Special Agent John A. Harrington, dated July 25, 1951, at New York City, no leads are set forth to obtain such identifying data.

In the report of Special Agent John W. Lewis, dated May 3, 1951, at New York City, a lead was set forth to identify data in the New York files concerning a number of individuals whose homes had been called from Saloff's business telephone. The Bureau, to assist the New York Office, made reviews on all these names and by memorandum of June 29, 1951, gave you the benefit of the Bureau's review. A number of persons reported to have been implicated in Communist activities were identified. Your current report does not list all these individuals with the data developed and you apparently do not intend to take any further steps regarding the matter. You are instructed to immediately initiate investigation to identify these persons and to thereafter search their names through the New York indices and report information where pertinent concerning such persons. You must bear in mind that this case was opened on the basis that Saloff was a close friend of Julius Rosenberg, and Greenglass thought from statements made by Rosenberg that Saloff was one of Rosenberg's contacts. On this basis persons contacted by Saloff may be of importance.

In the Bureau memorandum of June 29, 1951, on page 5 under the heading "Irving Silverman," on the basis of information from [REDACTED] b7d he was identified as "Irving Silverman, [REDACTED] Political Association, b7c 175 - 5th Avenue, New York City." This should be changed to "Irving Silverman, Certified Public Accountant, 175 - 5th Avenue, New York City."

Reference is made to the memorandum of the New York office dated July 25, 1951, with reference to a list of persons to whom Saloff is known to have made telephone calls. It was stated that because of the difficulty in identifying data in the New York files concerning such persons in view of individuals having a same or similar name no further information concerning such individuals would be submitted by the New York Office until other identifying data regarding the contacts is received. However, in the accompanying report of Special Agent John A. Harrington, dated July 25, 1951, at New York City, no leads are set forth to obtain such identifying data.

A review of the subject's file in the New Haven office revealed no reason why SALOFF should not be interviewed at the earliest convenience. Consequently, New Haven office recommends that the Bureau authorize the interviewing of the subject.

The New Haven office is not in a position to make any recommendation as to conducting interviews with other members of the Printex Corporation of Ossining, New York. The International Workers Order (IWO) comes within the purview of Executive Order 9835.

SALO ROTH  
185 East 206th Street  
Bronx, New York

In 1947 a group of petitions issued by the [REDACTED] bk Party were sent to Senators IRVING M. IVES and ROBERT F. WAGNER expressing opposition to "anti-union" bills which were then before Congress. One of the signers was SALO ROTH, 185 East 206th Street, Bronx.

Confidential Informant T-2, of known reliability, advised that SALO ROTH, 185 East 206th Street, was a subscriber to the "Daily Worker" in 1947.

IDA MAYER  
336 Central Park West  
New York, New York

Dr. IDA MAYER, c/o STRAUSS RUPPEL, 1000 Park Avenue, New York City, was communicating with relatives in occupied Europe in 1942 through one HEINRICH BROCKMANN in Lisbon, according to a communication from Confidential Informant T-8, of known reliability. No derogatory information was reported. It is noted that the New York City telephone directory lists IDA MAYER as a physician.

JOHN A. SCHAFER  
1086 Bedford Avenue  
Brooklyn, New York

Confidential Informant T-3, of known reliability, advised in June 1941 that JOHN SCHAFER of 1086 Bedford Avenue was on the mailing list of the German Library of Information.

THOMAS E. BAMPFORD, SR.  
130 Byram Road  
Byram, Connecticut

The files of the New York Office contain references to THOMAS EARL BAMPFORD, who was a passenger on the SS GRIPSHOLM in 1942. This individual was an employee of the National City

NY 65-15516

Bank who was returning to the United States for a period of leave following a number of years' work in the Orient for the National City Bank of New York.

It was determined from the Personnel Office of the National City Bank that this gentleman has remained in the Orient and is residing at Manila. He is, therefore, apparently not identical with the above THOMAS E. BAMPORD, SR.

The records of the Credit Bureau of Greater New York did not disclose any information concerning a person by this name at Byram, Connecticut.

GEORGE S. KAUFER  
Hotel Taft  
New York, New York

The name, Dr. KAUFER, 1149 West 54th Street, appeared on a list of officers of the local chapter of the Croatian Fraternal Union in the New York area, according to the August 4, 1943 issue of the Croatian Fraternal newspaper, "Zajednicar". The March 7, 1951 issue of the same publication contained a list of officers of the various lodges of the Croatian Fraternal Union, and included the name of Dr. GEORGE KAUFER, Lodge 129. On April 12, 1951, Confidential Informant T-4, of known reliability, advised that this lodge, which is called the SOKOL Lodge, is and has been for many years a purely [redacted] organization, and represents a very active cell of the [redacted] Party, USA. The informant further stated that when the [redacted] split occurred between [redacted] and the [redacted] the leaders and a majority of the members of this lodge followed the [redacted] line. A few individual members are sympathetic to [redacted] but are too few to influence the political attitude of the lodge. b7c

In 1946, Confidential Informant T-9, of known reliability, advised that OTTO HEINRICH, 505 West 111th Street, New York City, addressed a communication to Dr. BOZIDAR AL-XANDER, 224 East 29th Street, New York City, on July 4th of that year. Confidential Informant T-10, of known reliability, advised in 1946 that OTTO HEINRICH, an uncle of [redacted] SLAVKO KAUFER, had transferred substantial sums

NY 65-15510

of money to KAUFER's account in New York from his own account in England, and subsequently, after HEINRICH's arrival in the United States, some \$53,656. were transferred back to HEINRICH's account in the United States.

Concerning Dr. BOZIDAR ALEXANDER, it is noted that in September 1949, Confidential Informant T-11, of unknown reliability but a long time acquaintance of Dr. ALEXANDER and his wife, IRINA, advised that the two were spreading [redacted] in the United States and were attempting to secure important information to give to [redacted] of Yugoslavia. Confidential Informant T-11 also said that IRINA had been an interpreter in the Moscow Foreign Office in 1923. b7c

ANTHONY A. PATERNO  
2112 Broadway  
New York, New York

In December 1943, Confidential Informant T-12, of known reliability, advised that one ANTHONY PATERNO, 427 Lafayette Street, New York City, was a member of the 8th A.D. Communist Club of Manhattan.

In June 1944, Confidential Informant T-13, of known reliability, advised that one ANTHONY PATERNO, 428 Lafayette Street, New York City, was a member of the 8th A.D. [redacted] Club. b7c

In January 1946, Confidential Informant T-14, of known reliability, advised that one ANTHONY PATERNO transferred to the [redacted] Club of the [redacted] Party from the [redacted] Party. There was no identifying information available from the Confidential Informant. b7c

The records of the Credit Bureau of Greater New York were reviewed and it was shown that ANTHONY PATERNO, of 2112 Broadway, operates a construction business at that address and resides at Hotel Stanhope, where he has been living since 1944. His prior three addresses were also shown, and there was no mention of 428 Lafayette Street or 427 Lafayette Street.

Confidential Informant T-15, of known reliability, advised in 1941 that one ANTHONY PATERNO, 325 East 21st Street, New York City, was a member of the Stuyvesant Peace Council

NY 65-15518

of the American Peace Mobilization. It is noted that this address was not reflected on the credit report for ANTHONY A. PATERNO of 2112 Broadway. The address of 325 East 21st Street, New York City, was in 1941 located in one of the poorest slum areas of New York City, which has been replaced with a large housing development. It appears very unlikely that ANTHONY A. PATERNO would have resided in that area, inasmuch as his previous residences before living in the Starhope Hotel were on Fifth Avenue and West 76th Street.

JAMES M. BRAY  
21 Stuyvesant Oval  
New York, New York

Confidential Informant T-16, of known reliability, advised in January 1948 that JAMES M. BRAY was applying for a position with the Air Force 1st Motion Picture Unit, at Long Island City, New York, and furnished the following information concerning himself:

He was born on April 4, 1907, in Kansas City, Missouri, and attended school there. He held various positions connected with the photographic business, and served in the United States Air Force from 1942 to 1946, receiving a field commission. He was residing in New Rochelle, New York, in 1948, with his wife, KATHRYN.

It was established that this person is identical with the JAMES M. BRAY of 21 Stuyvesant Oval by means of a check of the records of the Credit Bureau of Greater New York, which reported that JAMES M. BRAY, 21 Stuyvesant Oval, is employed by the United States Government Signal Corps, Photographic Laboratories, 35-11 35th Avenue, Long Island City. His wife's name was shown as KATHRYN.

EDWARD DAVID  
JOAN DAVID  
10 South 15th Avenue  
Mount Vernon, New York

Confidential Informant T-17, of known reliability, advised in 1949 that EDWARD DAVID, of 10 South 15th Avenue, Mount Vernon, New York, was born in New York City on February 8, 1913, and attended the College of the City of New York, Harvard, and Columbia University. From 1938 to 1940 he was a writer and editor for Dr. FRANZ BOAS, of Columbia University, and in 1942 was employed by Russian War Relief in Los Angeles.

Concerning BOAS, Confidential Informant T-18, of known reliability, [redacted]

[redacted] advised that what he knew about FRANZ BOAS came in official reports from leaders of the Politburo such as EUGENE DENNIS and JACK STACHEL. They indicated that Dr. BOAS had agreed to operate under [redacted] but b7c that this was largely due to the influence of his son, LEST. FRANZ BOAS was a member of a considerable number of [redacted] b7c fronts, according to this Confidential Informant.

The Russian War Relief was a Communist Front Organization, according to the Director of Research Committee on Un-American Activities.

W. J. FUREY  
10 South 15th Avenue  
Mount Vernon, New York

In 1949, Mrs. W. J. FUREY, 10 South 15th Avenue, Mount Vernon, New York, was interviewed by SA JAMES A. DAVIS and advised that she was a neighbor of Mr. and Mrs. EDWARD DAVID of the same address. She described them as respectable and well-behaved people, concerning whose loyalty she knew nothing unfavorable.

A. B. MAGILL  
210 West 107th Street

Confidential Informant T-20, of known reliability, advised that A. B. MAGILL was on the National Education Committee of the [redacted] Party, USA, in 1947. b7c

NY 65-15518

The "Daily Worker" of March 14, 1948, carried an article on page 3 which stated that A. B. MAGILL, a correspondent of the "Daily Worker" and former Executive Editor of "the New Masses", had been [REDACTED] b7c

Confidential Informant T-7, of known reliability, advised in July 1951 that MAGILL has spent approximately two years in Mexico as a correspondent for the "Daily Worker" of New York City.

HANS LEICHERT  
108 North Road  
White Plains, New York

On May 12, 1944, HANS LEICHERT, 108 North Road, White Plains, New York, was interviewed by SA HENRY B. GRANT and advised that he was born on November 5, 1890, in Germany, and served in the German Army in World War I. He came to the United States from Brazil in 1926 and was naturalized on July 7, 1937, at White Plains.

It is noted that LEICHERT was interviewed as a result of information received from Confidential Informant T-19, of unknown reliability, to the effect that LEICHERT had expressed [REDACTED] sentiments. b7c

The address of 325 East 21st Street, New York City, was in 1941 located in one of the poorest slum areas of New York City, which has been replaced with a large housing development. It appears very unlikely that ANTHONY A. PATELLO would have resided in that area, inasmuch as his previous residences before living in the Stanhope Hotel were on Fifth Avenue and east 76th Street.

JAMES M. BRAY  
21 Stuyvesant Oval  
New York, New York

In 1947 a group of petitions issued by the [REDACTED] Party were sent to Senators IRVING M. IVES and JOSEPH V. HANAHAN expressing opposition to "anti-union" bills which were then before Congress. One of the signers was [REDACTED], 185 East 206th Street, Bronx.

Confidential Informant T-2, of known reliability, advised that SALO WOTH, 185 East 206th Street, was a subscriber to the "Daily Worker" in 1947.

THOMAS E. BAWFORD, SR.  
130 Syram Road  
Syram, Connecticut

The files of the New York Office contain references to THOMAS E. BAWFORD, who was a passenger on the SS GEFPSDOLM in 1940. This individual was an employee of the National City

NY 65-1580

Bank who was returning to the United States for a period of leave following a number of years' work in the Orient for the National City Bank of New York.

It was determined from the Personnel Office of the National City Bank that this gentleman has remained in the Orient and is residing at Manila. He is, therefore, apparently not identical with the above THOMAS E. RAMPORD, SR.

The records of the Credit Bureau of Greater New York did not disclose any information concerning a person by this name at Byram, Connecticut.

GEORGE S. KAUFER  
Hotel Taft  
New York, New York

The name, Dr. KAUFER, 149 West 54th Street, appeared on a list of officers of the local chapter of the Croatian Fraternal Union in the New York area, according to the August 4, 1943 issue of the Croatian Fraternal newspaper, "PajcAnicar". The March 7, 1951 issue of the same publication contained a list of officers of the various lodges of the Croatian Fraternal Union, and included the name of Dr. GEORGE KAUFER, Lodge 129. On April 12, 1951, Confidential Informant T-4, of known reliability, advised that this lodge, which is called the SONCL Lodge, is and has been for many years a purely [redacted] organization, and represents a very active cell of the [redacted] Party, inc. The informant further stated that when the split occurred between [redacted] and the [redacted] the leaders and a majority of the members of this lodge followed the [redacted] line. A few individual members are sympathetic to [redacted] but are too few to influence the political attitude of the lodge. b7C

In 1946, Confidential Informant T-9, of known reliability, advised that OTTO HEINRICH, 505 West 11th Street, New York City, addressed a communication to Dr. BOZILAR ALFASIANI, 224 East 29th Street, New York City, on July 4th of that year. Confidential Informant T-10, of known reliability, advised in 1946 that OTTO HEINRICH, an uncle of Dr. KAUFER, had transferred substantial sums

NY 65-12446

Concerning Dr. BOZIDAR ALEXANDER, it is noted that in September 1949, Confidential Informant T-11, of unknown reliability but a long time acquaintance of Dr. ALEXANDER and his wife, IRINA, advised that the two were spreading [REDACTED] in the United States and were attempting to secure [REDACTED] informant information to give to [REDACTED] in Yugoslavia. Confidential Informant T-11 also said that IRINA had been an interpreter in the Moscow Foreign Office in 1923. b7c

The records of the Credit Bureau of Greater New York were reviewed and it was shown that ANTHONY PATERNO, of 2112 Broadway, operates a construction business at that address and resides at Hotel Stanhope, where he has been living since 1944. His prior three addresses were also shown, and there was no mention of 428 Lafayette Street or 427 Lafayette Street.

Confidential Informant T-15, of known reliability, advised in 1941 that one ANTHONY PATERNO, 325 East 21st Street, New York City, was a member of the Stuyvesant Peace Council

NY 65-1596

of the American Peace Mobilization. It is noted that this address was not reflected on the credit report for ANTHONY A. PATERNO of 2112 Broadway. The address of 325 East 21st Street, New York City, was in 1941 located in one of the poorest slum areas of New York City, which has been replaced with a large housing development. It appears very unlikely that ANTHONY A. PATERNO would have resided in that area, inasmuch as his previous residences before living in the Stanhope Hotel were on Fifth Avenue and East 76th Street.

Investigation of SALOFF has disclosed the following information:

Birth Data, Town Clerk's Office, Stamford, Connecticut

Mrs. MABEL WIXSON advised SA HUGO P. BLANDORI that PHILIP MARSTON SALOFF was born September 10, 1910 at Stamford, Connecticut, to MEYER SALOFF and FANNIE (SHENKOW) SALOFF, both natives of Russia.

Education

Mr. SAMUEL DAVIS, Records Clerk, College of the City of New York, New York City, advised SA ROBERT J. BURTON that PHILIP SALOFF, 748 Marcy Avenue, Brooklyn, New York, attended Boys High School, from 1924 to 1927, and, upon graduation, entered the College of the City of New York, on September 16, 1927, graduating with a degree of Master of Engineering, June 22, 1932. His record was clear and there was no indication of disciplinary action or questionable activities on SALOFF'S part at the College.

Miss DOLORES KRAHLER, Secretary to the Registrar, Cooper Union, advised that PHILIP SALOFF attended from September, 1932 to January, 1933, taking a course in Architectural Drawing.

Mrs. ANNA BARNES, clerk, Registrar's Office, Columbia University, advised SA VERNON G. SMITH that PHILIP SALOFF attended Summer Session in 1930 and studied Principles of Electrical Engineering.

Marital Status

Confidential Informant T-16, of known reliability, another Federal agency which maintains personnel records, advised that SALOFF had reported to the informant that he was married at the Municipal Building, New York City, on November 30, 1945, at which time he was residing at 2000 84th Street, Brooklyn, New York. He gave his wife's name as SYLVIA, born in 1910.

The 1949 Stamford City Directory disclosed that the subject's wife was named SYLVIA.

NY 65-15518

According to the August 3, 1948 edition of the "Stamford Advocate", SYLVIA SALOFF was elected secretary of the Stamford People's Party.

Confidential Informant T-20, of known reliability, advised that the People's Party of Connecticut is dominated and controlled by the Communist Party in that State.

Employment

Confidential Informant T-16 reported that in 1940 SALOFF advised that he had previously been employed as follows:

Babcock and Wilcox, New York City - 1938 to 1939

Congress of Industrial Organizations, Washington, D.C. - 1937 to 1938

Babcock and Wilcox, New York City - 1936 to 1937

Bureau of Highways - 1934 to 1936

Major Tool and Dye Corporation - 1933 to 1934

Two additional employments were listed by SALOFF at the time he was employed by Babcock and Wilcox, according to Miss BETTY BEALE, Personnel Department:

Poillon Engineering Service, 415 West 55th Street, New York City - 1932 to 1933

K. R. Development Corporation, 16 Court Street, Brooklyn, New York - 1934 to 1935

According to an application filed by SALOFF with the Audio Manufacturing Company, Stamford, Connecticut, in 1945, SALOFF was employed by the George G. Sharp Company, 30 Church Street, New York City, from 1940 to 1944, and by Todd Shipyards, 60 West 25th Street, New York City, from 1944 to 1945.

Mr. CHARLES T. HEREFORD, Personnel Department, Todd Shipyards Corporation, 8116 45th Avenue, Elmhurst, New York, advised that PHILIP SALOFF was employed from April 30, 1945 to

NY 65-15518

September 15, 1945 and left with a clear record. He was employed as a Research Engineer with Social Security number 103-05-3766. He was recommended by George G. Sharp Company, New York City, who had employed SALOFF as a draftsman from November, 1939 to April, 1945.

On November 24, 1950 it was determined from Mr. PERRY HAYNES, Chief Engineer, Todd Shipyards Company, that while employed by that company, SALOFF had worked under Mr. HAYNES supervision on a Navy contract, which was not classified and consisted of making a boiler, the ultimate use of which was very confidential. He pointed out that SALOFF would have no way of determining the ultimate use of the boiler. HAYNES expressed the opinion that SALOFF is a reliable and loyal citizen whom he would rehire if the opportunity arose.

At the Audio Manufacturing Company, Stamford, Connecticut, Production Manager JAMES DWYER advised that SALOFF was hired December 18, 1948 and resigned in July, 1949 with a satisfactory record. While employed by Audio, he resided at 38 Mead Street, Springdale, Connecticut.

Confidential Informant T-17, of known reliability, advised SA JOHN W. LEWIS, on November 25, 1950, that SALOFF has been the Plant Superintendent of the Printex Corporation of America, 34 State Street, Ossining, New York, since August, 1949, and possibly longer. T-17 also advised that this plant is owned by GEORGE NEWMAN, husband of SALOFF'S sister VERA, and by one WARNER HAMM, and the plant's business is printing designs on silk and satin wearing apparel. T-17 stated that while SALOFF is at work, he spends most of his time on the telephone making personal and business calls.

According to Confidential Informant T-17, there are about fifty employees at the Printex Corporation, about six of whom are on the night shift. SALOFF spends much of his time traveling to Philadelphia, as well as throughout New York State and Massachusetts, resulting in his being away from the plant about three days a week. He earns between \$150.00 and \$175.00 a week, according to the informant.

Confidential Informant T-18, of known reliability, in April, 1951 that the Printex Corporation of America was chartered

NY 65-15518

in March, 1945, in New York City, and subsequently moved to Ossining. It is engaged in designing and printing on textiles and wall paper by the silk screen process. The organization carries a satisfactory account in a local bank with a balance currently averaging between low and moderate five figures.

Interview of SALOFF

On February 14, 1952, SAS JOHN A. HARRINGTON and NORMAN E. BLISS interviewed PHILIP SALOFF at the Printex Corporation in Ossining. SALOFF stated that he met JULIUS ROSENBERG for the first time in about 1936 or 1937 when he, SALOFF, was an organizer for the Federation of Architects, Engineers, Chemists and Technicians (FAECT). He explained that JULIUS ROSENBERG and many other City College students came to the offices of the FAECT seeking assistance in obtaining employment. SALOFF recalled that in this connection he met ROSENBERG three or four times and each occasion was in connection with ROSENBERG'S search for employment. SALOFF recalled that his brother-in-law, IRVING JOKEL, knew ROSENBERG and he believed that JOKEL and ROSENBERG knew one another at City College. SALOFF recalled meeting ROSENBERG at a family party at JOKEL'S home during a furlough which JOKEL had during his Navy service in World War II. At that time SALOFF was employed by the Audio Manufacturing Company, Glenbrook, Connecticut, which also had a local office at 447 Madison Avenue, New York City.

In approximately 1947 or 1948, according to SALOFF, he received a telephone call from JULIUS ROSENBERG during which JULIUS expressed the desire of getting some business for his machine shop in New York City. SALOFF invited ROSENBERG to his home at 38 Mead Street, Springdale, and, during this visit, JULIUS made an appointment for SALOFF to visit ROSENBERG'S business, the Pitt Machine Products Company. The Pitt Machine Products Company appeared to be a run down and poorly equipped set-up, SALOFF found upon visiting it and he did not feel that it could handle the type of work required in making tape spools for the Audio Manufacturing Company. For this reason no contract was consummated between the two companies. SALOFF recalled meeting other employees in the shop owned by ROSENBERG but he could not recall their names and was unable to recall DAVID GREENGLASS by name.

NY 65-15518

SALOFF further recalled having later discussions with ROSENBERG concerning the possibility of the Pitt Machine Company manufacturing endless copper belts for the Firestone Rubber Company, but this plan also was abandoned because of the unsuitability of ROSENBERG'S equipment. SALOFF'S last contact with ROSENBERG was in the latter part of 1947 or in 1948, according to the best of his recollection.

PHILIP SALOFF reported that he had never been approached by JULIUS ROSENBERG to engage in any kind of espionage work on behalf of any person or any foreign power and he further stated that he had no inkling that JULIUS ROSENBERG and his wife had been engaged in Soviet espionage until it became a matter of public record. He continued by saying that he is not now and has never been a member of the Communist Party but admitted that he has been a member of the International Workers Order from approximately 1940 to the present time. This membership is merely in connection with an insurance policy and SALOFF denied engaging in any activities of the International Workers Order.

SALOFF said that he has been an organizer for the FAECT in the past but was never aware that the Communist Party had any directing or controlling influence in that organization. He said that he knew of no control exercised at the George Sharp Company while he was employed by that firm. SALOFF stated that he did not know MICHAEL RUSSO in Connecticut and added that he had never heard of him or been in his company. He also denied knowing ANTHONY DI SILVESTRO or RUDOLPH GILLESPIE. He knew EDWIN B. MICHAELS very well. SALOFF admitted, explaining that MICHAELS was a chemist who lived in Stamford and that MICHAELS' wife and Mrs. SALOFF were friendly. SALOFF disclaimed any knowledge as to whether MICHAELS was or was not a member of the Communist Party and added that he had no belief or reason to suspect that MICHAELS was a member of the Communist Party. SALOFF recalled he met JACK GOLDRING once or twice but stated he did not wish to discuss GOLDRING and would prefer that GOLDRING, himself, be interviewed for information concerning his activities.

SALOFF reported that he has been a member of the People's Party of Connecticut and that his wife had either been the secretary or treasurer of this Party which supported WALLACE during his campaign for the Presidency. He denied knowing or ever having heard of BURTON MC LAIN, JAMES MICHAEL BRAY or HYMAN ADLER.

SALOFF described himself as a person of very strong beliefs who has never hesitated to express his opinion on any topic that might come up for discussion. He expressed his belief in the Ten Commandments and his sympathy for the "underdog". He expressed the opinion that he is not in sympathy with the doctrines of the Communist Party but pointed out that he does not know the doctrines of the Communist Party and for this reason it is possible that some of his beliefs and ideas would correspond with the so called "Party line" of the Communist Party.

SALOFF was shown photographs of all the subjects of the ROSENBERG espionage network and did not recognize any of them with the exception of DAVID and RUTH GREENGLASS, whose pictures he said he had seen in the newspapers. He recognized the photograph of RUSSELL MC NUTT, stating he did not know his name but believed he had been in the FAECT years ago.

SALOFF concluded by stating that he desires to cooperate with the Federal Bureau of Investigation in this matter and would notify the Bureau if any further information concerning the above matters should come to his attention.

Confidential Informant T-19, of known reliability, furnished a list of phone calls made from the Printex Corporation of America, Ossining, New York, between May 16, 1950 and November 15, 1950. One of the numbers called was Yonkers 8-1213, which is listed to be Square Root Manufacturing Company, Yonkers, New York.

On February 24, 1951, HYMAN ADLER, 647 Faile Street, Bronx, New York, advised SA JOHN W. LEWIS that he is employed by the Square Root Manufacturing Company, Yonkers, and that he had approached JULIUS ROSENBERG for a job in early 1950. It is noted that DAVID GREENGLASS has advised that he included HYMAN ADLER'S name in lists of potential Soviet espionage recruits at Los Alamos, New Mexico, in 1945. GREENGLASS said he furnished those lists to JULIUS ROSENBERG and HARRY GOLD for transmission to the USSR. During the interview of HYMAN ADLER, he admitted to SA JOHN W. LEWIS and SA JOSEPH J. PALGUTA that he was a member of the International Workers Order from about 1941 until 1950; that he had attended meetings of the United Electrical Workers Union at a Communist Party Club in New York City, and that he has signed, in the past, several Communist Party petitions. He admitted that he was well acquainted with DAVID GREENGLASS at Los Alamos but denied that he had ever been approached by anyone to commit espionage and claimed that he has never been a member of the Communist Party.

NY 65-15518

The International Workers Order has been designated by the Attorney General as a subversive Communist organization coming within the purview of Executive Order 9835.

On February 18, 1951, HYMAN ADLER was reinterviewed by SAs NORMAN E. BLISS and JOHN A. HARRINGTON at the Square Root Manufacturing Company, Yonkers, New York, and advised that he does not know PHILIP SALOFF and has never heard the name.

Confidential Informant T-19 reported that a phone call was placed from the Printex Corporation in Ossining, New York, to the Emtec Laboratory, 60 Spruce Street, Stamford, Connecticut, in 1950. This Laboratory is operated by one EDWIN B. MICHAELS.

Confidential Informant T-22, of known reliability, has reported that, in 1944, MICHAELS held the office of General Chairman of the Stamford Branch of the Communist Party and had issued to him Communist Political Association Membership Card number 54614.

Confidential Informant T-19 reported that phone calls were made on three occasions between May and November, 1950 to a telephone listed to BURTON MC LAIN, 20 Avenue D, New York City.

Confidential Informant T-23, of known reliability, reported that in 1950 BURTON MC LAIN was employed at Floyd Bennett Field, Brooklyn, New York, as a soldier assigned to the 2230th Air Force Reserve Training Center. The informant stated that MC LAIN, a Negro, was born August 14, 1914, at Clay, Texas.

Captain MARTIN NEWSTREET, Personnel Section, Floyd Bennett Field, reported that Pfc. BURTON MC LAIN was transferred in March, 1950 to Detachment A, Headquarters Squadron, 1100th United States Air Force, Sandia Air Base, New Mexico, as a member of the Air Police, the equivalent of Military Police.

SA GUSTAV S. ABRANDT was furnished the following information concerning BURTON MC LAIN by Sergeant J. P. KUCZEK, Headquarters, Continental Air Command, Mitchel Field, Long Island:

MC LAIN'S serial number is 38043325. He entered the service in 1941, re-enlisting in 1945 and 1949. On March 7, 1950,

NY 65-15518

he was transferred from Floyd Bennett Field to Sandia Air Base where he remained one month as a "casual" with miscellaneous employment. ## DETAILS:

## BASIS FOR INVESTIGATION

DAVID GREENGLASS, self-confessed Soviet Espionage Agent now serving a fifteen year term in a Federal prison, advised SA JOHN W. LEWIS, in 1950, that JULIUS ROSENBERG, now awaiting execution for Soviet espionage, had had contacts with one "PHIL" between 1946 and 1949 ostensibly concerning the obtaining from "PHIL" of contracts for the Pitt Machine Products Company, Incorporated, New York City. JULIUS ROSENBERG and DAVID GREENGLASS were part owners of this company. ROSENBERG has declined to discuss his part in Soviet espionage but DAVID GREENGLASS expressed belief that "PHIL" might have been an espionage contact of ROSENBERG. In November, 1950, DAVID GREENGLASS identified PHILIP MARSTON SALOFP as "PHIL".

Investigation of SALOFF has disclosed the following information:

Birth Data, Town Clerk's Office, Stamford, Connecticut

Mrs. MABEL WIXSON advised SA HUGO P. BLANDORI that PHILIP MARSHON SALOFF was born September 10, 1910 at Stamford, Connecticut, to MARY SALOFF and FABHIL (SHEHAKH) SALOFF, both natives of Russia.

Education

Mr. SAMUEL DAVIS, Records Clerk, College of the City of New York, New York City, advised SA ROBERT J. BURTON that PHILIP SALOFF, 748 Marey Avenue, Brooklyn, New York, attended Boys High School, from 1924 to 1927, and, upon graduation, entered the College of the City of New York, on September 16, 1927, graduating with a degree of Master of Engineering, June 22, 1932. His record was clear and there was no indication of disciplinary action or questionable activities on SALOFF'S part at the College.

Miss DOLORES K. WALKER, Secretary to the Registrar, Cooper Union, advised that PHILIP SALOFF attended from September, 1932 to January, 1933, taking a course in Architectural Drawing.

Mrs. ALICE BAYLES, clerk, Registrar's Office, Columbia University, advised SA VERNON C. SMITH that PHILIP SALOFF attended Summer Session in 1933 and studied Principles of Electrical Engineering.

Marital Status

Confidential Informant T-16, of known reliability, another Federal agency which maintains personnel records, advised that SALOFF had reported to the informant that he was married at the Municipal Building, New York City, on November 30, 1945, at which time he was residing at 2000 84th Street, Brooklyn, New York. He gave his wife's name as SYLVIA, born in 1910.

The 1949 Stamford City Directory disclosed that the subject's wife was named SYLVIA.

NY 65-15518

According to the August 3, 1948 edition of the "Stamford Advocate", SYLVIA SALOFF was elected secretary of the Stamford People's Party.

Confidential Informant T-20, of known reliability, advised that the People's Party of Connecticut is dominated and controlled by the Communist Party in that State.

Employment

Confidential Informant T-16 reported that in 1940 SALOFF advised that he had previously been employed as follows:

Babcock and Wilcox, New York City - 1938 to 1939

Congress of Industrial Organizations, Washington, D.C. - 1937 to 1938

Babcock and Wilcox, New York City - 1936 to 1937

Bureau of Highways - 1934 to 1936

Major Tool and Dye Corporation - 1933 to 1934

Two additional employments were listed by SALOFF at the time he was employed by Babcock and Wilcox, according to Miss BETTY BIALE, Personnel Department:

Poillon Engineering Service, 415 West 55th Street, New York City - 1932 to 1933

K. R. Development Corporation, 16 Court Street, Brooklyn, New York - 1934 to 1935

According to an application filed by SALOFF with the Audio Manufacturing Company, Stamford, Connecticut, in 1945, SALOFF was employed by the George G. Sharp Company, 30 Church Street, New York City, from 1940 to 1944, and by Todd Shipyards, 60 West 25th Street, New York City, from 1944 to 1945.

Mr. CHARLES T. HEREFORD, Personnel Department, Todd Shipyards Corporation, 8116 45th Avenue, Elmhurst, New York, advised that PHILIP SALOFF was employed from April 30, 1945 to

NY 65-15518

September 15, 1945 and left with a clear record. He was employed as a Research Engineer with Social Security number 103-05-3766. He was recommended by George G. Sharp Company, New York City, who had employed SALOFF as a draftsman from November, 1939 to April, 1945.

On November 24, 1950 it was determined from Mr. FIRRY HAYES, Chief Engineer, Todd Shipyards Company, that while employed by that company, SALOFF had worked under Mr. HAYES supervision on a Navy contract, which was not classified and consisted of making a boiler, the ultimate use of which was very confidential. He pointed out that SALOFF would have no way of determining the ultimate use of the boiler. HAYES expressed the opinion that SALOFF is a reliable and loyal citizen whom he would rehire if the opportunity arose.

At the Audio Manufacturing Company, Stamford, Connecticut, Production Manager JAMES Dwyer advised that SALOFF was hired December 18, 1948 and resigned in July, 1949 with a satisfactory record. While employed by Audio, he resided at 38 Mead Street, Springdale, Connecticut.

Confidential Informant T-17, of known reliability, advised SA JOHN W. LEWIS, on November 25, 1950, that SALOFF has been the Plant Superintendent of the Printex Corporation of America, 34 State Street, Ossining, New York, since August, 1949, and possibly longer. T-17 also advised that this plant is owned by GEORGE NE. M.M., husband of SALOFF'S sister VERA, and by one WALTER HAMM, and the plant's business is printing designs on silk and satin wearing apparel. T-17 stated that while SALOFF is at work, he spends most of his time on the telephone making personal and business calls.

According to Confidential Informant T-17, there are about fifty employees at the Printex Corporation, about six of whom are on the night shift. SALOFF spends much of his time traveling to Philadelphia, as well as throughout New York State and Massachusetts, resulting in his being away from the plant about three days a week. He earns between \$150.00 and \$175.00 a week, according to the informant.

Confidential Informant T-18, of known reliability, an organization which maintains records on business firms, advised in April, 1951 that the Printex Corporation of America was chartered

NY 65-15518

in March, 1945, in New York City, and subsequently moved to Ossining. It is engaged in designing and printing on textiles and wall paper by the silk screen process. The organization carries a satisfactory account in a local bank with a balance currently averaging between low and moderate five figures.

Interview of SALOFF

On February 14, 1952, SAs JOHN A. HARRINGTON and BORKAN F. BLISS interviewed PHILIP SALOFF at the Printex Corporation in Ossining. SALOFF stated that he met JULIUS ROSENBERG for the first time in about 1936 or 1937 when he, SALOFF, was an organizer for the Federation of Architects, Engineers, Chemists and Technicians (FAECT). He explained that JULIUS ROSENBERG and many other City College students came to the offices of the FAECT seeking assistance in obtaining employment. SALOFF recalled that in this connection he met ROSENBERG three or four times and each occasion was in connection with ROSENBERG'S search for employment. SALOFF recalled that his brother-in-law, IRVING JOAEL, knew ROSENBERG and he believed that JOAEL and ROSENBERG knew one another at City College. SALOFF recalled meeting ROSENBERG at a family party at JOAEL'S home during a furlough which JOAEL had during his Navy service in World War II. At that time SALOFF was employed by the Audio Manufacturing Company, Glenbrook, Connecticut, which also had a local office at 447 Madison Avenue, New York City.

In approximately 1947 or 1948, according to SALOFF, he received a telephone call from JULIUS ROSENBERG during which JULIUS expressed the desire of getting some business for his machine shop in New York City. SALOFF invited ROSENBERG to his home at 38 Head Street, Springdale, and, during this visit, JULIUS made an appointment for SALOFF to visit ROSENBERG'S business, the Pitt Machine Products Company. The Pitt Machine Products Company appeared to be a run down and poorly equipped set-up, SALOFF found upon visiting it and he did not feel that it could handle the type of work required in making tape spools for the Audio Manufacturing Company. For this reason no contract was consummated between the two companies. SALOFF recalled meeting other employees in the shop owned by ROSENBERG but he could not recall their names and was unable to recall DAVID GREENGLASS by name.

NY 65-15518

SALOFF further recalled having later discussions with ROSENBERG concerning the possibility of the Pitt Machine Company manufacturing endless copper belts for the Firestone Rubber Company, but this plan also was abandoned because of the unsuitability of ROSENBERG'S equipment. SALOFF'S last contact with ROSENBERG was in the latter part of 1947 or in 1948, according to the best of his recollection.

PHILIP SALOFF reported that he had never been approached by JULIUS ROSENBERG to engage in any kind of espionage work on behalf of any person or any foreign power and he further stated that he had no inkling that JULIUS ROSENBERG and his wife had been engaged in Soviet espionage until it became a matter of public record. He continued by saying that he is not now and has never been a member of the Communist Party but admitted that he has been a member of the International Workers Order from approximately 1940 to the present time. This membership is merely in connection with an insurance policy and SALOFF denied engaging in any activities of the International Workers Order.

SALOFF said that he has been an organizer for the FAULT in the past but was never aware that the Communist Party had any directing or controlling influence in that organization. He said that he knew of no control exercised at the George Sharp Company while he was employed by that firm. SALOFF stated that he did not know MICHAEL RUSSO in Connecticut and added that he had never heard of him or been in his company. He also denied knowing ANTHONY LI SILDISTRO or ROLOLPH GILLESPIE. He knew ELWIN B. MICHAELS very well. SALOFF admitted, explaining that MICHAELS was a chemist who lived in Stamford and that MICHAELS' wife and Mrs. SALOFF were friendly. SALOFF disclaimed any knowledge as to whether MICHAELS was or was not a member of the Communist Party and added that he had no belief or reason to suspect that MICHAELS was a member of the Communist Party. SALOFF recalled he met JACK GOLDRING once or twice but stated he did not wish to discuss GOLDRING and would prefer that GOLDRING, himself, be interviewed for information concerning his activities.

SALOFF reported that he has been a member of the People's Party of Connecticut and that his wife had either been the secretary or treasurer of this Party which supported WALLACE during his campaign for the Presidency. He denied knowing or ever having heard of BURTON MC LAIN, JAMES MICHAEL BRAY or HYMAN ADLER.

NY 65-15518

SALOFF described himself as a person of very strong beliefs who has never hesitated to express his opinion on any topic that might come up for discussion. He expressed his belief in the Ten Commandments and his sympathy for the "underdog". He expressed the opinion that he is not in sympathy with the doctrines of the Communist Party but pointed out that he does not know the doctrines of the Communist Party and for this reason it is possible that some of his beliefs and ideas would correspond with the so called "Party line" of the Communist Party.

SALOFF was shown photographs of all the subjects of the ROSENBERG espionage network and did not recognize any of them with the exception of DAVID and RITA GREENGLASS, whose pictures he said he had seen in the newspapers. He recognized the photograph of ROSSILL MC NUTT, stating he did not know his name but believed he had been in the FAECT years ago.

SALOFF concluded by stating that he desires to cooperate with the Federal Bureau of Investigation in this matter and would notify the Bureau if any further information concerning the above matters should come to his attention.

Confidential Informant T-19, of known reliability, furnished a list of phone calls made from the Printex Corporation of America, Ossining, New York, between May 16, 1950 and November 15, 1950. One of the numbers called was Yonkers 8-1213, which is listed to be Square Root Manufacturing Company, Yonkers, New York.

On February 24, 1951, HYMAN ADLER, 647 Faile Street, Bronx, New York, advised SA JOHN W. LEWIS that he is employed by the Square Root Manufacturing Company, Yonkers, and that he had approached JULIUS ROSENBERG for a job in early 1950. It is noted that DAVID GREENGLASS has advised that he included HYMAN ADLER'S name in lists of potential Soviet espionage recruits at Los Alamos, New Mexico, in 1945. GREENGLASS said he furnished those lists to JULIUS ROSENBERG and HARRY GOLD for transmission to the USSR. During the interview of HYMAN ADLER, he admitted to SA JOHN W. LEWIS and SA JOSEPH J. PALGUTA that he was a member of the International Workers Order from about 1941 until 1950; that he had attended meetings of the United Electrical Workers Union at a Communist Party Club in New York City, and that he has signed, in the past, several Communist Party petitions. He admitted that he was well acquainted with DAVID GREENGLASS at Los Alamos but denied that he had ever been approached by anyone to commit espionage and claimed that he has never been a member of the Communist Party.

NY 65-15518.

The International Workers Order has been designated by the Attorney General as a subversive Communist organization coming within the purview of Executive Order 9835.

On February 18, 1951, HYMAN ADLER was reinterviewed by EAS NORMAN E. BLISS and JOHN A. HAWKINS at the Square Root Manufacturing Company, Yonkers, New York, and advised that he does not know PHILIP SALOFF and has never heard the name.

Confidential Informant T-19 reported that a phone call was placed from the Printex Corporation in Ossining, New York, to the Intec Laboratory, 60 Spruce Street, Stamford, Connecticut, in 1950. This Laboratory is operated by one MILK B. MICHALS.

PARIS FOR THE CRIMINAL

DAVID W. GRANGER, self-confessed Soviet espionage agent now serving a fifteen year term in a Federal prison, advised Mr. F. D. R. KELLY, in 1950, that JULIUS ROSENBERG, now awaiting execution for Soviet espionage, had had contacts with one "Bill" between 1946 and 1949 ostensibly concerning the obtaining from "Bill" of contracts for the Ritt Machine Products Company, Incorporated, New York City. JULIUS ROSENBERG and DAVID W. GRANGER were part owners of this company. ROSENBERG has declined to discuss his part in Soviet espionage but DAVID GRANGER expressed belief that "Bill" might have been an espionage contact of ROSENBERG. In November, 1950, DAVID GRANGER identified DAVID SAMUEL LIEBER as "Bill".

Investigation of SALOFF has disclosed the following information:

Birth Data, Town Clerk's Office, Stamford, Connecticut

Mrs. MABEL WIXSON advised SA HUGO P. BLAKOWSKI that PHILIP MARSTON SALOFF was born September 10, 1910 at Stamford, Connecticut, to MAYER SALOFF and FANNIE (SCHLESOW) SALOFF, both natives of Russia.

Education

Mr. SAMUEL DAVIS, Records Clerk, College of the City of New York, New York City, advised SA ROBERT J. BURTON that PHILIP SALOFF, 746 Marcus Avenue, Brooklyn, New York, attended Boys High School, from 1924 to 1927, and, upon graduation, entered the College of the City of New York, on September 16, 1927, graduating with a degree of Master of Engineering, June 2d, 1932. His record was clear and there was no indication of disciplinary action or questionable activities on SALOFF's part at the College.

Miss DOROTHY K. KELLY, Secretary to the registrar, Cooper Union, advised that PHILIP SALOFF attended from September, 1932 to January, 1933, taking a course in a certificate of drawing.

Mrs. ALICE B. SMITH, clerk, registrar's office, Columbia University, advised SA VERNON C. SMITH that PHILIP SALOFF attended in 1931 and studied Principles of Electrical Engineering.

Marital Status

Confidential Informant T-16, of known reliability, another Federal agency which maintains personnel records, advised that SALOFF had reported to the informant that he was married at the Municipal Building, New York City, on November 30, 1945, at which time he was residing at 2000 64th Street, Brooklyn, New York. He gave his wife's name as SYLVIA, born in 1910.

The 1949 Stamford City Directory disclosed that the subject's wife was named SYLVIA.

NY 65-15518

According to the "August 3, 1948 edition of the "Stamford Advocate", YUVIA SALOFF was elected secretary of the Stamford People's Party.

Confidential Informant T-20, of known reliability, advised that the People's Party of Connecticut is dominated and controlled by the Communist Party in that State.

Employment

Confidential Informant T-16 reported that in 1940 SALOFF advised that he had previously been employed as follows:

Babcock and Wilcox, New York City - 1938 to 1939

Congress of Industrial Organizations, Washington, D.C.  
- 1937 to 1938

Babcock and Wilcox, New York City - 1936 to 1937

Bureau of Highways - 1934 to 1936

Major Tool and Die Corporation - 1933 to 1934

Two additional employments were listed by SALOFF at the time he was employed by Babcock and Wilcox, according to Miss BETTY EMMETT, Personnel Department:

Foillon Engineering Service, 415 West 55th Street,  
New York City - 1932 to 1933

K. R. Development Corporation, 16 Court Street,  
Brooklyn, New York - 1934 to 1935

According to an application filed by SALOFF with the Audio Manufacturing Company, Stamford, Connecticut, in 1945, SALOFF was employed by the George G. Sharp Company, 36 Church Street, New York City, from 1940 to 1944, and by Todd Shipyards, 60 West 25th Street, New York City, from 1944 to 1945.

Mr. CHARLES T. HENRYSON, Personnel Department, Todd Shipyards Corporation, 6116 45th Avenue, Brooklyn, New York, advised that PHILLIP SALOFF was employed from April 30, 1945 to

NY 65-15518

September 15, 1945 and left with a clear record. He was employed as a Research engineer with Social Security number 103-95-3766. He was recommended by George G. Sharp Company, New York City, who had employed SALOFF as a draftsman from November, 1937 to April, 1945.

On November 24, 1950 it was determined from Mr. FERRY HAYES, Chief Engineer, Todd Shipyards Company, that while employed by that company, SALOFF had worked under Mr. HAYES supervision on a Navy contract, which was not classified and consisted of making a boiler, the ultimate use of which was very confidential. He pointed out that SALOFF would have no way of determining the ultimate use of the boiler. HAYES expressed the opinion that SALOFF is a reliable and loyal citizen whom he would rehire if the opportunity arose.

At the Audio Manufacturing Company, Stamford, Connecticut, Production Manager JAMES D. YOUNG advised that SALOFF was fired December 18, 1948 and resigned in July, 1949 with a satisfactory record. While employed by Audio, he resided at 35 Head Street, Springdale, Connecticut.

Confidential Informant T-17, of known reliability, advised SA JOHN E. BISIUS, on November 25, 1950, that SALOFF has been the Plant Superintendent of the Printex Corporation of America, 34 State Street, New York, since August, 1949, and probably longer. T-17 also advised that this plant is owned by J. J. KELLY, husband of SALOFF's sister M. M., and by one ANTHONY KELLY, and the plant's business is printing designs on silk and satin wearin apparel. T-17 stated that while SA T-17 is at work, he spends most of his time on the telephone making personal and business calls.

According to Confidential Informant T-17, there are about fifty employees at the Printex Corporation, about six of whom are on the night shift. SALOFF spends much of his time traveling to Philadelphia, as well as throughout New York State and Massachusetts, resulting in his being away from the plant about three days a week. He earns between \$150.00 and \$175.00 a week, according to the informant.

Confidential Informant T-18, of known reliability, an organization which maintains records on business firms, advised in April, 1951 that the Printex Corporation of America was chartered

NY 65-15518

in March, 1945, in New York City, and subsequently moved to Oscining. It is engaged in designing and printing on textiles and wall paper by the silk screen process. The organization carries a satisfactory account in a local bank with a balance currently averaging between low and moderate five figures.

Interview of SALOFF

On February 14, 1952, SAs JOHN A. HARRINGTON and ROBERT F. BLISS interviewed PHILIP SALOFF at the Printex Corporation in Oscining. SALOFF stated that he met JAMES ROSENBERG for the first time in about 1936 or 1937 when he, SALOFF, was an organizer for the Federation of Architects, Engineers, Chemists and Technicians (FAECT). He explained that JAMES ROSENBERG and many other City College students came to the offices of the FAECT seeking assistance in obtaining employment. SALOFF recalled that in this connection he met ROSENBERG three or four times and each occasion was in connection with ROSENBERG'S search for employment. SALOFF recalled that his brother-in-law, IRVING JOSEPH, knew ROSENBERG and he believed that JOSEPH and ROSENBERG knew one another at City College. SALOFF recalled meeting ROSENBERG at a family party at JOSEPH'S home during a furlough which JOSEPH had during his Navy service in World War II. At that time SALOFF was employed by the Audio Manufacturing Company, Glenbrook, Connecticut, which also had a local office at 447 Madison Avenue, New York City.

In approximately 1947 or 1948, according to SALOFF, he received a telephone call from ROSENBERG during which ROSENBERG expressed the desire of getting some business for his machine shop in New York City. SALOFF invited ROSENBERG to his home at 36 Head Street, Springdale, and, during this visit, SALOFF made an appointment for SALOFF to visit ROSENBERG'S business, the Pitt Machine Products Company. The Pitt Machine Products Company appeared to be a run down and poorly equipped set-up. SALOFF found upon visiting it and he did not feel that it could handle the type of work required in making tape spools for the Audio Manufacturing Company. For this reason no contract was consummated between the two companies. SALOFF recalled a meeting other employees in the shop owned by ROSENBERG but he could not recall their names and was unable to recall DAVID GREENBERG by name.

NY 65-15518

SALOFF further recalled having later discussions with ROSENBERG concerning the possibility of the Pitt Machine Company manufacturing endless copper belts for the Firestone Rubber Company, but this plan also was abandoned because of the unsuitability of ROSENBERG'S equipment. SALOFF'S last contact with ROSENBERG was in the latter part of 1947 or in 1948, according to the best of his recollection.

PHILIP SALOFF reported that he had never been approached by JULIUS ROSENBERG to engage in any kind of espionage work on behalf of any person or any foreign power and he further stated that he had no inkling that JULIUS ROSENBERG and his wife had been engaged in Soviet espionage until it became a matter of public record. He continued by saying that he is not now and has never been a member of the Communist Party but admitted that he has been a member of the International Workers Order from approximately 1940 to the present time. This membership is merely in connection with an insurance policy and SALOFF denied engaging in any activities of the International Workers Order.

SALOFF said that he has been an organizer for the FAICT in the past but was never aware that the Communist Party had any directing or controlling influence in that organization. He said that he knew of no control exercised at the George Sharp Company while he was employed by that firm. SALOFF stated that he did not know MICHAEL SIEFF in Connecticut and added that he had never heard of him or been in his company. He also denied knowing ANTHONY DI FILIPPO or ANTHONY GILLISPINE. He knew FRANK B. MICHAELS very well. SALOFF admitted, explaining that MICHAELS was a chemist who lived in Stamford and that MICHAELS' wife and Mrs. SALOFF were friendly. SALOFF disclaimed any knowledge as to whether MICHAELS was or was not a member of the Communist Party and added that he had no belief or reason to suspect that MICHAELS was a member of the Communist Party. SALOFF recalled he met JACK GOLDING once or twice but stated he did not wish to discuss GOLDING and would prefer that GOLDING, himself, be interviewed for information concerning his activities.

SALOFF reported that he has been a member of the People's Party of Connecticut and that his wife had either been the secretary or treasurer of this party which supported MILLER during his campaign for the Presidency. He denied knowing or ever having heard of EUGENE MC LAHAN, alias ALLEN DALE or HYMAN ALLEN.

NY 65-15518

SALOFF described himself as a person of very strong beliefs who has never hesitated to express his opinion on any topic that might come up for discussion. He expressed his belief in the Ten Commandments and his sympathy for the "underdog". He expressed the opinion that he is not in sympathy with the doctrines of the Communist Party but pointed out that he does not know the doctrines of the Communist Party and for this reason it is possible that some of his beliefs and ideas would correspond with the so called "Party line" of the Communist Party.

SALOFF was shown photographs of all the subjects of the ROSENBERG espionage network and did not recognize any of them with the exception of DAVID and RUTH CHENGELASS, whose pictures he said he had seen in the newspapers. SALOFF concluded by stating that he desires to cooperate with the Federal Bureau of Investigation in this matter and would notify the Bureau if any further information concerning the above matters should come to his attention.
